Step 3
Configure alerts
Step 4 - Optional
Attach actions
Step 5
Review
Why create budget alerts?
In order to be notified on the state of your budget, you can create up to 5 different alerts based on your budgeted amount. For example, create an alert to notify you when you have reached 75% of your budgeted amount.
How to get started?
Start by defining alert thresholds, then specify alert recipients and how you would like them to be notified. Alerts can be sent via email, AWS SNS, and AWS Chatbot.
Budget amount
Your budgeted amount: $1.00
To change your budgeted amount, go back to step 2.
No alert thresholds created.
Add an alert threshold
